

**ESSENCE**  
by VingCard®

## Minimal hardware on the door... Maximal impression!

Essence by VingCard makes everything else vanish, keeping only the true essence of your locking system:

- : Maximum adaptability to any hotel style
- : Maximum integration within your hotel doors
- : Maximum experience for your guests
- : Maximum security standards
- : Maximum outdoor performance
- : Maximum flexibility in design
- : ... and Maximum camouflage!

You will not see it, but only experience the essence of a secure and reliable lock.

## The invisible lock

### Stay First

**Essence by VingCard revolutionizes the electronic lock industry by housing all lock components, including the reader, inside the door and therefore, reaching the maximum minimalistic expression, the true essence of an electronic lock.**

This lock takes the definitive step in minimal hardware on the door and truly blends with any design requirements, enhancing the style of your hotel and taking the user-interface experience to a new level.

Essence by VingCard makes everything else vanish, keeping only the true essence of your locking system<sup>1</sup>.

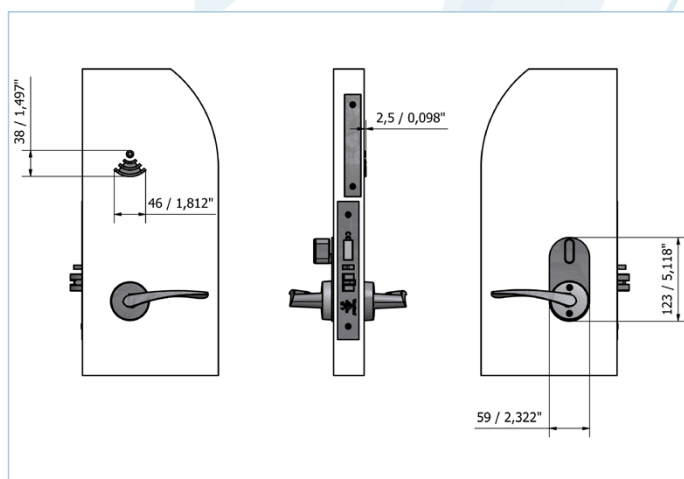

## Features

- : Stand alone electronic lock with RFID technology
- : Fire listed for usage on fire doors. (UL, EN, BS)
- : High security mortise lockcase available in ANSI, JPN, AUS and EURO versions
- : CE, FCC approved
- : Solid brass handle with self lubricating long life bearings
- : 3 point steel latch construction with an antifriction mechanism
- : Case hardened full 1-inch (ANSI) throw deadbolt
- : Panic release function – the deadbolt and latch are automatically retracted by inside handle for easy egress in emergency situations
- : ADA compliant (guests with physical disabilities)
- : Future proof re-programmable FLASH RAM lock memory
- : Powered by 3AA batteries that provide up to 3 years normal life time
- : 600 event audit trail with VISION system
- : 2000 event audit trail with VISIONLINE system
- : Compatible with VISIONLINE and VISION Software platforms
- : Optional high security mechanical override

## Benefits

- : **Maximum Guest Satisfaction:** unmatched ease of use for guests of all ages. No need to insert the keycard; more intuitive.
- : **Maximum Security:** anti-cloning technology for all guest and staff cards. Unlike Magstripe keycards that can be cloned, RFID technology offers a powerful anti-cloning solution.
- : **Maximum Adaptability:** RFID keycards and carriers adapt to any hotel style. You can choose from low cost guest cards, long lasting staff cards, wristbands and keyfobs to perfectly match different hotel types: Business, Resort, Spa, All-inclusive.
- : **Maximum Information and Control:** Essence by VingCard can write back information on staff RFID keycards for better information and management: Staff card audit trail, low battery status, cylinder tamper alarm.
- : **Maximum Integration:** you can integrate and interface Essence keycards with other applications at your hotel (loyalty programs, vendor payment, etc).
- : **Maximum Exclusivity:** provide a new experience for your customers and enhance the image of your hotel.
- : **Maximum Robustness:** Essence by VingCard components are sealed and provide better performance for outdoor use.
- : **Maximum Selection:** provides access today to next generation technologies, including NFC-cell phone.
- : **... and Minimal Installation:** installation is minimized by housing all components inside the door.

## Dimensions

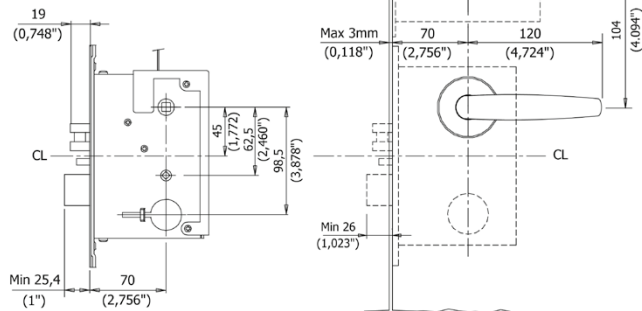

## Emergency cylinder option

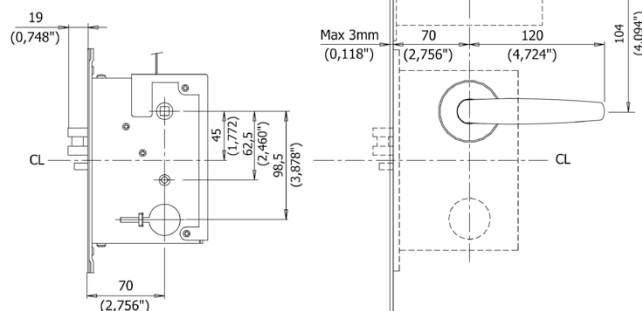

VingCard locks may also be supplied with an optional mechanical override cylinder, widely recognized as the finest in the industry.

- : Use of mechanical override is registered in the lock memory for audit trail.
- : Mechanical cylinder can be either visible or not visible with a cylinder concealer.
- : Superior pick resistance through its 7 pin high security profiles and narrow channel paracentric keyway anti pick drivers.
- : Unique cylinder fixing for added security.
- : 5 times recodable cylinder (incl. 2 construction levels).
- : Cylinder is available in all lock finishes. (Satin finishes may vary from lock finish).
